

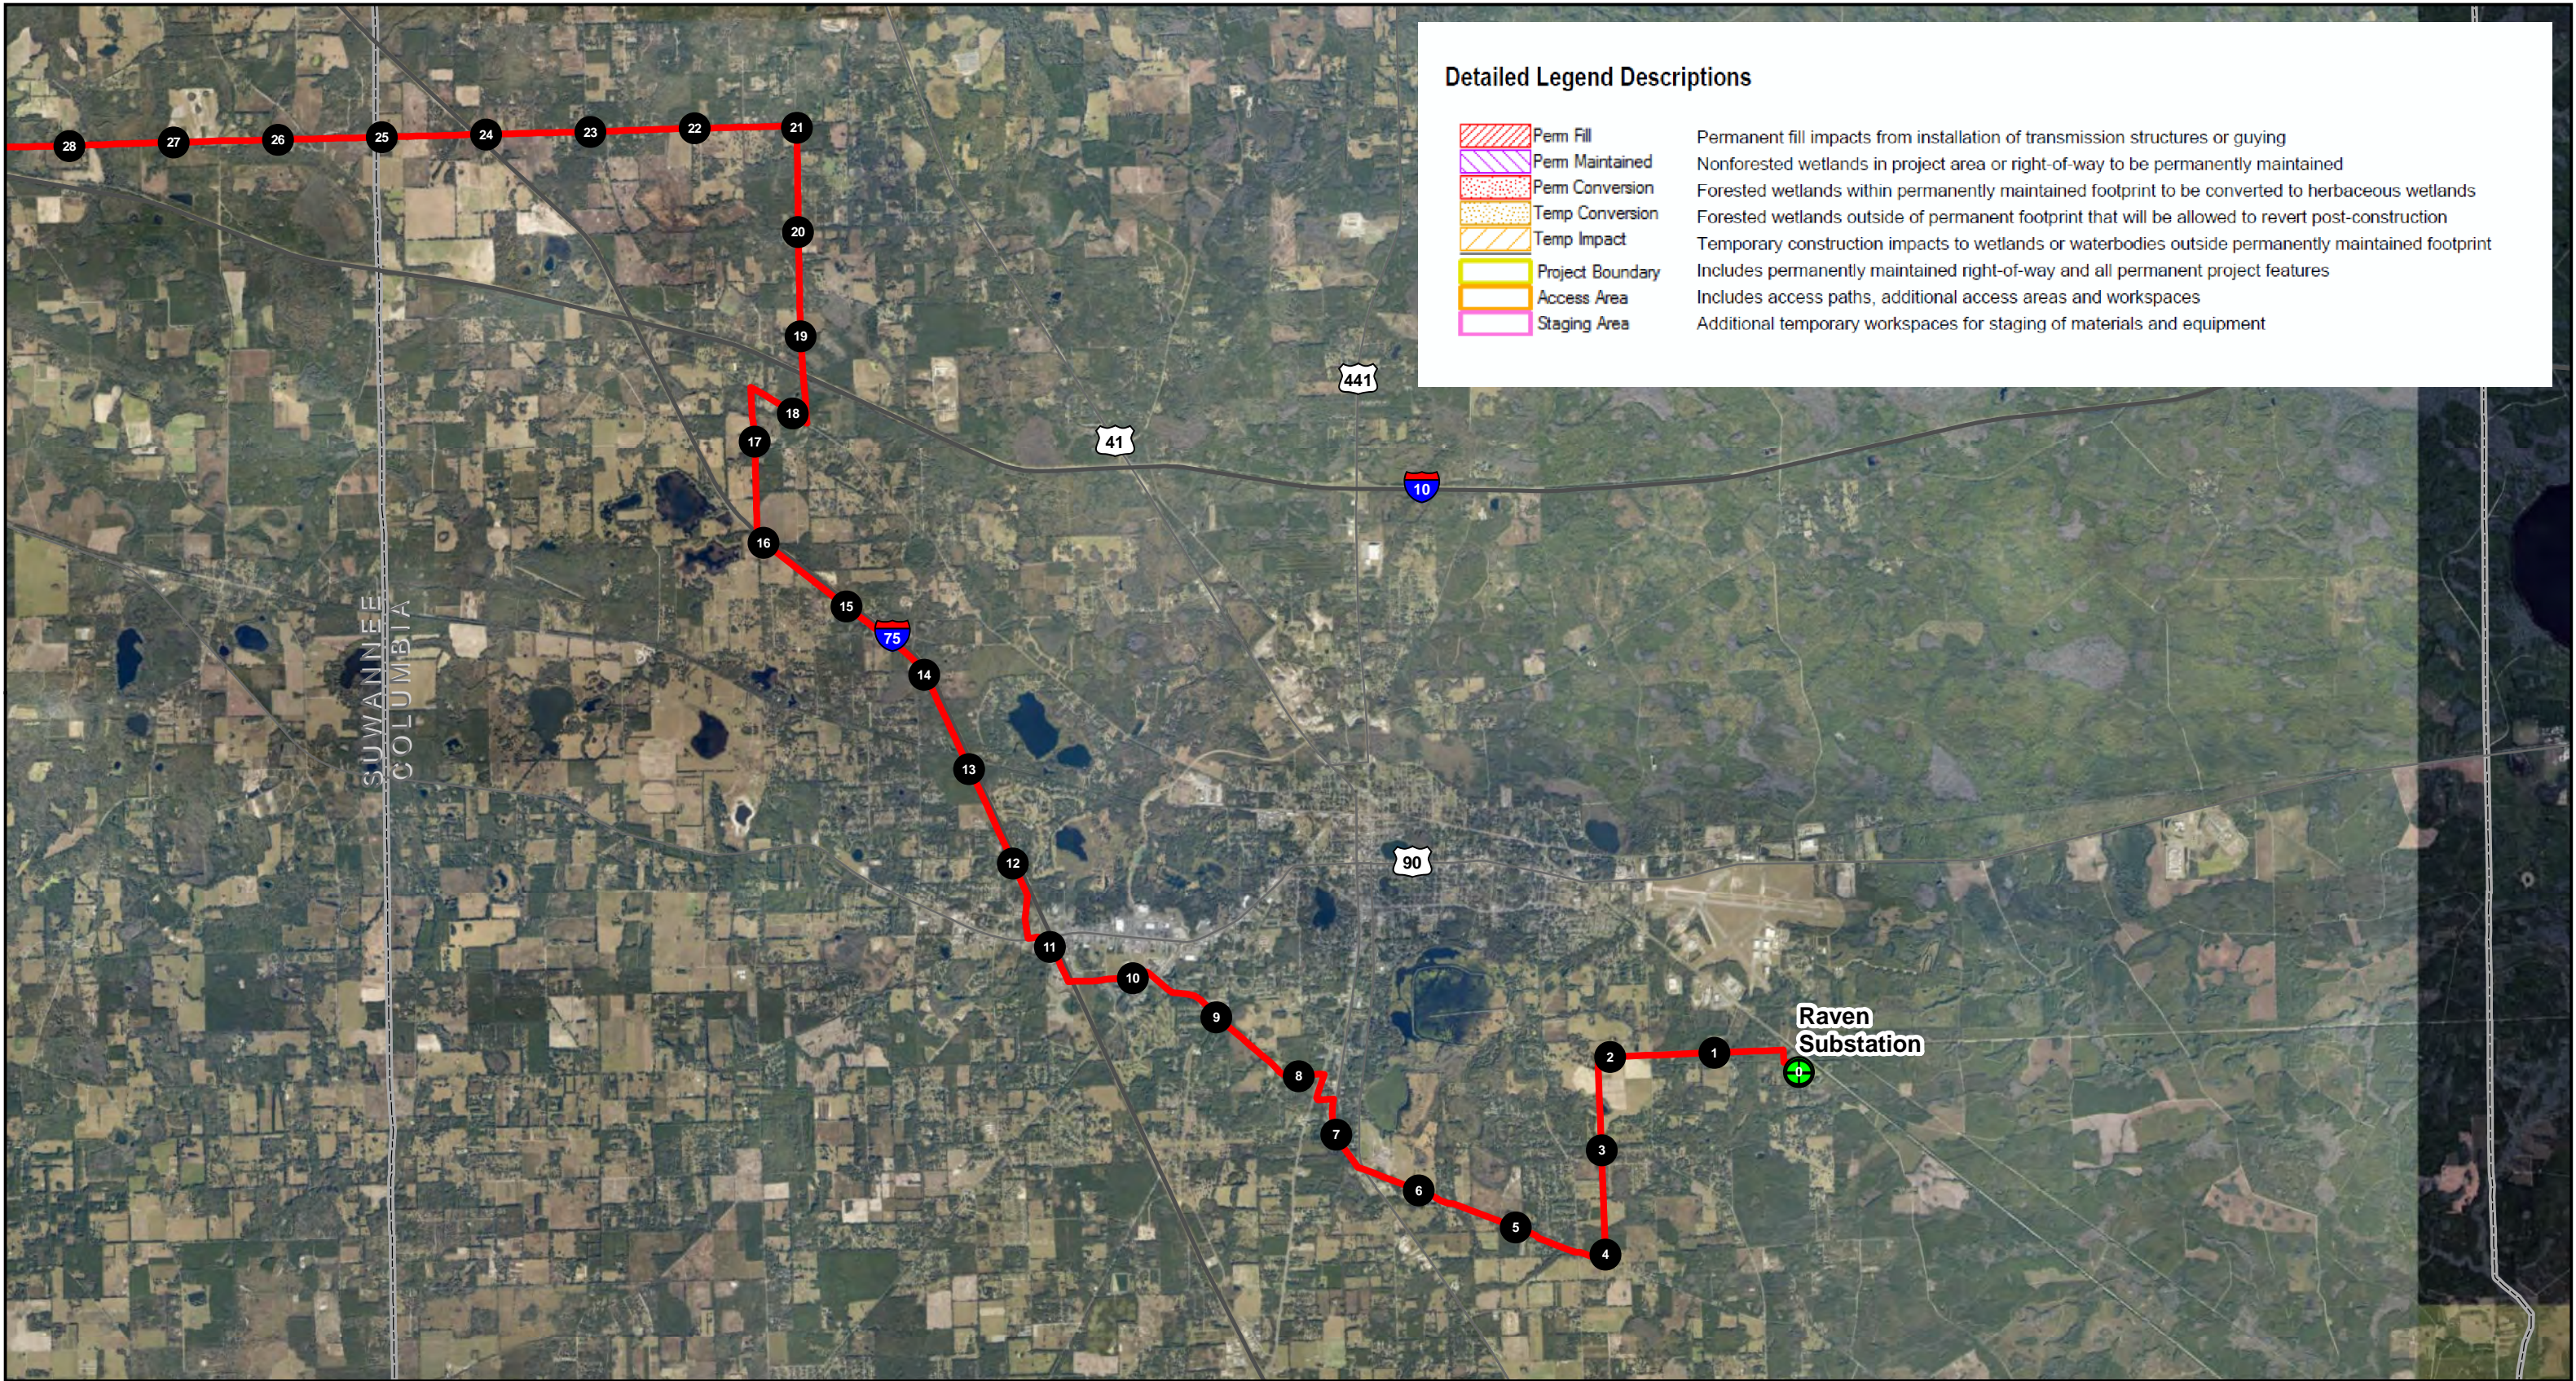

## **FIGURE 5 - Impacts (by County)**

Detailed Legend Descriptions

	Perm Fill	Permanent fill impacts from installation of transmission structures or guying
	Perm Maintained	Nonforested wetlands in project area or right-of-way to be permanently maintained
	Perm Conversion	Forested wetlands within permanently maintained footprint to be converted to herbaceous wetlands
	Temp Conversion	Forested wetlands outside of permanent footprint that will be allowed to revert post-construction
	Temp Impact	Temporary construction impacts to wetlands or waterbodies outside permanently maintained footprint
	Project Boundary	Includes permanently maintained right-of-way and all permanent project features
	Access Area	Includes access paths, additional access areas and workspaces
	Staging Area	Additional temporary workspaces for staging of materials and equipment

Detailed Legend Descriptions

	Perm Fill	Permanent fill impacts from installation of transmission structures or guying
	Perm Maintained	Nonforested wetlands in project area or right-of-way to be permanently maintained
	Perm Conversion	Forested wetlands within permanently maintained footprint to be converted to herbaceous wetlands
	Temp Conversion	Forested wetlands outside of permanent footprint that will be allowed to revert post-construction
	Temp Impact	Temporary construction impacts to wetlands or waterbodies outside permanently maintained footprint
	Project Boundary	Includes permanently maintained right-of-way and all permanent project features
	Access Area	Includes access paths, additional access areas and workspaces
	Staging Area	Additional temporary workspaces for staging of materials and equipment

Detailed Legend Descriptions

	Perm Fill	Permanent fill impacts from installation of transmission structures or guying
	Perm Maintained	Nonforested wetlands in project area or right-of-way to be permanently maintained
	Perm Conversion	Forested wetlands within permanently maintained footprint to be converted to herbaceous wetlands
	Temp Conversion	Forested wetlands outside of permanent footprint that will be allowed to revert post-construction
	Temp Impact	Temporary construction impacts to wetlands or waterbodies outside permanently maintained footprint
	Project Boundary	Includes permanently maintained right-of-way and all permanent project features
	Access Area	Includes access paths, additional access areas and workspaces
	Staging Area	Additional temporary workspaces for staging of materials and equipment

Detailed Legend Descriptions

	Perm Fill	Permanent fill impacts from installation of transmission structures or guying
	Perm Maintained	Nonforested wetlands in project area or right-of-way to be permanently maintained
	Perm Conversion	Forested wetlands within permanently maintained footprint to be converted to herbaceous wetlands
	Temp Conversion	Forested wetlands outside of permanent footprint that will be allowed to revert post-construction
	Temp Impact	Temporary construction impacts to wetlands or waterbodies outside permanently maintained footprint
	Project Boundary	Includes permanently maintained right-of-way and all permanent project features
	Access Area	Includes access paths, additional access areas and workspaces
	Staging Area	Additional temporary workspaces for staging of materials and equipment

Detailed Legend Descriptions

	Perm Fill	Permanent fill impacts from installation of transmission structures or guying
	Perm Maintained	Nonforested wetlands in project area or right-of-way to be permanently maintained
	Perm Conversion	Forested wetlands within permanently maintained footprint to be converted to herbaceous wetlands
	Temp Conversion	Forested wetlands outside of permanent footprint that will be allowed to revert post-construction
	Temp Impact	Temporary construction impacts to wetlands or waterbodies outside permanently maintained footprint
	Project Boundary	Includes permanently maintained right-of-way and all permanent project features
	Access Area	Includes access paths, additional access areas and workspaces
	Staging Area	Additional temporary workspaces for staging of materials and equipment

Detailed Legend Descriptions

	Perm Fill	Permanent fill impacts from installation of transmission structures or guying
	Perm Maintained	Nonforested wetlands in project area or right-of-way to be permanently maintained
	Perm Conversion	Forested wetlands within permanently maintained footprint to be converted to herbaceous wetlands
	Temp Conversion	Forested wetlands outside of permanent footprint that will be allowed to revert post-construction
	Temp Impact	Temporary construction impacts to wetlands or waterbodies outside permanently maintained footprint
	Project Boundary	Includes permanently maintained right-of-way and all permanent project features
	Access Area	Includes access paths, additional access areas and workspaces
	Staging Area	Additional temporary workspaces for staging of materials and equipment

Detailed Legend Descriptions

	Perm Fill	Permanent fill impacts from installation of transmission structures or guying
	Perm Maintained	Nonforested wetlands in project area or right-of-way to be permanently maintained
	Perm Conversion	Forested wetlands within permanently maintained footprint to be converted to herbaceous wetlands
	Temp Conversion	Forested wetlands outside of permanent footprint that will be allowed to revert post-construction
	Temp Impact	Temporary construction impacts to wetlands or waterbodies outside permanently maintained footprint
	Project Boundary	Includes permanently maintained right-of-way and all permanent project features
	Access Area	Includes access paths, additional access areas and workspaces
	Staging Area	Additional temporary workspaces for staging of materials and equipment
